

# 2019 Safety Seminar & Webcast

## *Creating a Culture of Safety*

Changing the safety culture within an organization can be a difficult process. However, employers that establish a culture of safety reap the rewards of lower workers' compensation costs, reduced turnover, decreased absenteeism and increased productivity. This year's presentation will discuss the benefits, challenges and implementation strategies to help you develop a culture of safety within your organization.

For your convenience, this year's safety seminar will be available online as a webcast 24 hours a day, 7 days a week.

To access the webcast, visit [www.LRASIF.org](http://www.LRASIF.org) and click on the red LRA SIF Safety Seminar button.

If you prefer to attend the safety seminar in person, it will be presented at the Louisiana Restaurant Association (LRA) EXPO on Monday, August 5, 2019 at 10:30 a.m. at the New Orleans Morial Convention Center, Hall I.

## *Safety Dividend Criteria*

- Attend one safety seminar or webcast annually.
- Complete fund year with a loss ratio below 50%.
- Send a written copy of your safety program to the LRA SIF Loss Prevention Department.
- Compliance with the Second Injury Board Knowledge Questionnaire.
- Compliance with post-accident drug & alcohol testing.
