Tips for Safer Food Deliveries

Eaters and drivers should follow these tips to minimize contact:

- **"Leave at Door" Delivery:** Uber Eats customers have the option to use delivery notes to communicate how they'd like their orders delivered. They may include a note like "Please leave my order at the door" or "Ring my doorbell and leave in the lobby." You can see these instructions in the app under 'customer note' once you arrive at their location.
- **Helping affected drivers and delivery people:** Any driver or delivery person who is diagnosed with COVID-19 or is individually asked to self-isolate by a public health authority will receive financial assistance for up to 14 days while their account is on hold. We've already helped drivers in some affected areas, and we're working to quickly implement this worldwide.
