In the aftermath of Hurricane Ida, Louisiana is facing another significant challenge caused by the catastrophic damages to our infrastructure. As Louisiana reassess and begin the path to recovery, the agency is mindful of our permittees. In support of businesses and the challenges, they face as well as the challenges the state faces as a whole, all recently expired permits will be extended to October 1, 2021. Any permits that have recently expired may continue to operate but is required to renew their expired permit on or before October 1, 2021.
